Dear LaVerne:

In March we communicated with you concerning the above-named individual. This individual had been registered in Pack 38 of Waddington, New York.

We would like to know the outcome of any legal action which took place. If he was convicted, we would need the sentencing. If an acquittal took place, we should have this for our file so that we would know that refusal of registration attempts would be more difficult.

Please let us know if we may be of help.

Dear LaVerne:

Sometime ago we had communication concerning Richard Allen Condlin. This involved the sexual abuse charge which had been placed against Mr. Condlin.

We would like to know if trial and sentencing has now taken place so that we may close this file. This will enable us to have sufficient evidence for refusal of registration anywhere Mr. Condlin might try to register.

Please let me know if we may be of help to you.

Dear Vern:

Periodically, I follow up on all the open Confidential File cases. Richard Allen Condlin came to the top of the pile.

We were awaiting sentencing earlier in the year and wonder if this has now been completed. If the trial has taken place, we certainly would like anything you can give us in the way of newspaper clippings, court records or other information that would close this case.

Thanks so much for your help.

Periodically, I follow up on all the open Confidential File cases. The information we still need on this individual is the sentencing.

If anything has transpired that would give you the sentencing which has been given by the court, we would appreciate this. This would enable us to close the file and refuse registration wherever the individual might move.

Thanks for your help.

Dear Vern:

Thank you for the information which you continue to send us for the above named individual. We are hoping that we soon have information on the outcome of the trial so that we will be able to complete the case.

I am sending you a credit notice at this time for the registration fee which was paid. Fortunately, we were able to catch this before the unit was processed, so his name should not appear on the roster which you receive back with the charter.

Please let me know if there are further bits of information which you can secure.

Dear LaVerne:

Thanks so much for the information on Richard Allen Conklin. We do remove all information from our files and he should be removed from both the registration file and the magazine file. It is very possible he will receive one or two more magazines since we send labels to the printers so far in advance.

We will certainly want to know what happens as this case progresses. If conviction and sentencing take place, please let us know what these are.
